All CDC, local, and state government guidelines are being followed.

Water fountains have been turned off in the building.

The maximum size capacity of each room has been lowered to ensure that each student remains six feet apart from other students and their Teaching Artist.

Rooms are clearly marked to easily facilitate social distancing.

Plexiglass has been installed at the front desk.

Furniture has been removed from certain hallways to promote social distancing.

Classrooms are sanitized before and after every class.

No classroom is being used more than once per day.

All staff and customers must wear masks at all times. Gloves are optional.

Hand sanitizing stations have been installed throughout the building.

Frequently touched surfaces such as door handles, light switches, and bathroom fixtures are sanitized every two hours.

All staff and students will have their temperatures taken. Any staff or student with a temperature of 100.0 or higher will be sent home.

All students and staff must complete a Health Screener form prior to beginning class on September 14th.
