Message from the Board President

The past year has seen incredible changes in our world, and the Beverly Arts Center staff and Board of Directors hope that you and your loved ones are safe and secure during this unprecedented time.

As of March 2020, the BAC was on track to achieving its third year of solid financial stability – a goal the staff and board have worked tirelessly to reach after so many years of uncertainty. But like many organizations in our community, the changes caused by the pandemic have modified our plans. Over the past few months, we have moved all our programs and services to an online format, making The Beverly Arts Center accessible beyond our four walls.

You invest in our programming because you see the value it brings to the South Side arts community. BAC continues to support over 12,000 children through its arts programs in 45 Chicago Public Schools. We offer over 50 visual and performing arts classes weekly on our campus, and have evolved our concert series and live performances. In short, we remain your community arts outlet.

The Beverly Arts Center relies on the generosity from members, patrons, and community members now more than at any other time. With your support, we’ll continue these vital services long after this pandemic is over and together, we’ll rise as one to show all of Chicago the strength of our community.

Thank you for your generous support. We look forward to working with you long into our “new normal” to advance the mission of The Beverly Arts Center.

With my sincere thanks,

Edward Laginess
President, Board of Directors
OUR MISSION

The Beverly Arts Center, located on Chicago’s south side, is a multifaceted organization building community through diverse, quality arts programming, education, and entertainment for all ages and levels.

OUR VISION

The Beverly Arts Center is one of Chicago’s premier arts destinations – welcoming, well supported, and sustainable.
Serving the Beverly/Morgan Park Community in our current facility since 2000.
“During the calmest of seas to the turbulent storms of the 2020 pandemic, the Beverly Arts Center serves as a lighthouse for our vibrant and diverse community, providing a safe artistic harbor that all are welcome to call home.”

— Carly Bishop, Artistic Director
“What you don’t necessarily see are the numerous in-school programs that we offer and the talented teaching artists who are going directly to schools in Beverly/Morgan Park and surrounding communities to grow art in young minds. I truly see this as our ‘good work’ and another way that the BAC is directly giving back to and participating in these valued communities.”

— Jennifer Marschand, Outreach Manager
